“ Remember Ray as one of the 'cool guys': when I was a youngster. In later years we shared a few cocktails, stories, and days on the river. We lost a classic. Sincere sympathy to his family and friends.

“ Too many wonderful memories of the time and years spent with Ray. To list one or many would not do justice to the ones not being told. Thoughts and prayers are with Rays family and close friends.

“ I remember Ray from my Varsity Shop days. It was not only the "coolest" place to get outfitted, but Ray's friendly and humorous personality made stopping in there a joy. He befriended his young customers and those fond memories remain with me still. I miss those days, but will miss him more. Rest in peace Ray, you will live on in those you touched. Tom McClintock
